A photograph of firefighters at night. In the foreground, two firefighters are seen from behind, wearing full protective gear and carrying air tanks. They are looking towards a large, intense fire that is consuming a structure, with thick orange and yellow flames and a massive plume of dark smoke rising into the dark sky. Another firefighter is visible further back on the right. The scene is illuminated by the fire and emergency lights, creating a dramatic and urgent atmosphere.

HLFD firefighters are your neighbors, your co-workers, and your friends. They are men and women in all walks of life who live close to you and respond whenever paged to deal with the emergencies in our community. They are people who choose to give more than they take from their community.
